

3-10-2017

Sir,

My wife and I would like to thank you and all of the personnel that responded to our house fire on Lake Terrace Dr March 3rd. Your efforts to save our home was amazing. To see men rush into a burning home to do the job they do is a sight we will not forget. Even though the home was a total loss it isn't because of lack of effort or Professionalism. The words that each of you spoke to us about how sorry you were for our loss, the retrieving of a Photo Album, (in the middle of the fire), the EMS personnel that checked on our immediate health, comforted us, and gave us water, and your acts of courage to retrieve other personal items (at our request) from the dangerous structure after the fire was out are things that we shall never forget. We are not sure what all Fire and EMS Departments that responded, but will you please extend our sincere appreciation for their efforts as well. In closing you can all be assured that it is people like yourselves that make the place we call home the greatest in the world. May God bless each and everyone of you and your families.

The Mathews,
Charlie & Marilou

PS. See You At The Bar-B-Que
